DIRECT EDITION

This is almost
as cool as being able
to lick myself.

It's Garfield's first time in a video game. And he went and got himself trapped in a world of late-night B movies like *The Curse of Cleofatra*, *Count Slobula* and *Catsablanca*. Without you, he's stuck there. As you romp through each scene you'll find plenty of new weapons, bad guys, and eye-popping graphics drawn by Garfield's animator, Jim Davis. You'll jump, scratch, and weasel your way out of some potentially nasty situations. And if you're good enough to get Garfield back to reality, he might just teach you how to do that bathing with the tongue thing.

EDITOR'S NOTEBOOK

Dear Archie Readers,

One of the most popular programs on television today is "The X-FILES." The stars of this show have encountered everything from space aliens to ghosts. In **WORLD OF ARCHIE #18**, Archie and Veronica have just seen the first full-length "X-File" movie featuring their favorite TV stars "Mallowmar and Sully." After the show they actually encounter UFOs. With the help of Dilton and Jughead, Archie and Veronica become expert investigators of the unknown, just like their heroes. Will life ever be the same in Riverdale? The story entitled "The X-Folders" was written by the newest addition to our writing staff, C. J. Henderson, with art by our own alien artist, Rex Lindsey. You won't want to miss this full-length issue on sale in December.

Look for yet another milestone at Archie Comics. In **ARCHIE'S SUPERTEENS #4**, you will screech with delight (or nausea) when Veronica makes her debut as "Miss Vanity." In response to scores of fan mail we will finally introduce Veronica Lodge's heroic super identity. How heroic is she? What are her super powers? All I can say is that being the super rich, super stuck-up, pampered princess of Riverdale, beware all you second rate beauty salons and unprofessional sales people...Miss Vanity is here! Look for this issue on sale in December.

In closing, I'd like to wish everyone Happy, Healthy and Fun Holidays. Here at Archie Comics we're looking ahead to a great New Year in 1996. We wish you the same.

The Big Dipper

The constellation that most people can identify is the Big Dipper. Visible all year round, the Big Dipper is made up of seven stars. The Big Dipper is part of a larger constellation, called Ursa major or the Big Bear. The end stars of the Big Dipper's bowl are the pointer stars Dubhe and Merak. If you drew a line between them and extended the line five times, you would hit the North Star. Also called "Polaris," the North Star is the brightest star in the night sky and is the star nearest the North Pole.
